

## Surf sun lounger

by Karim Rashid

The SURF sun lounger features a **flowing wave design** for its seat and leg rest, evoking a sense of tranquility. The soft swell is rendered in luxurious materials, creating a fluid gesture that changes with the light. Its creator aims to provide a new canvas for well-being, inspired by vibrant and refreshing shapes that embody a new global dynamism. This modern piece of furniture can even be placed in the shallow water of a swimming pool.
