## Fabrics

At Vondom our designer fabrics hold the **highest performance and durability** standards. Manufactured and approved to **withstand the toughest outdoor conditions**.

Our products are stain-resistant waterproof, UV resistant, resilient to cracking in cold temperatures and to mould spores, all of this **ensures that our furniture can be used in all outdoor spaces and indoor areas with high humidity and chlorine**, such as spas and indoor swimming pools.

## Rotational moulding

Thanks to the rotational moulding technique, Vondom is able to manufacture various types of products, such as **planters and indoor and outdoor furniture**.

Currently we are one of the furniture companies with the most extensive catalogue of designer products made from polyethylene.

## Injection

Thanks to this technique we manufacture polypropylene **chairs, tables, sun loungers and planters.**

This manufacturing process consists in melting plastic into liquid, then it is **injected under pressure into the cavity of a mould until it's full of liquid.** Once solidified, the end result are attractive, original and functional products that are easy to maintain.

**Basic Injection.**  
Inyección Básico.

## **Metal Aluminium**

We use a non-ferromagnetic metal obtained from bauxite and characterised by its **low density and high resistance to corrosion and impact**. It is **100% recyclable**.

We compose this metal through aluminium casting, AISI12 ( EN AC-44100 ), and through aluminium moulding or extrusion, 6060 ( AlMgSi, 3.3206,A96060 ). And then sprayed with baked epoxy paint.

**Powder Coated Aluminium.**

## **Dekton®**

Dekton® is a very **low-maintenance, long-lasting and highly resistant material** that we use on our table tops.

Composed by a blend of more than 20 natural minerals, including porcelain and quartz components.

**Dekton®.**  
Ceramic Surfaces.

**Entzo 6003**

Dekton  
(12mm)

## H P L

HPL (High Pressure Laminate table tops ) are **composed by several layers of wood cellulose**, impregnated with thermosetting resins.

They are very **easy to clean and maintain**. In addition, they are highly resistant to high temperatures, solar radiation, impacts and they have a very low water absorption, so it becomes the **perfect component for an outdoor use**.

**HPL Solid Core.**  
HPL Solid Core.

## GLASS

Glass is a **translucent ceramic material**.

Tempered glass is available for our tabletops. It is characterised by being **highly resistant and it is ideal for outdoor and indoor spaces**.

Glass gives a touch of elegance and **increases the feeling of spaciousness and cleanliness**.

**Glass.**  
Vidrio.

**Glass 8000**  
(10mm)

**White Opaque Glass 8001**  
(Only available for coffee tables)

**Black Opaque Glass 8002**  
(Only available for coffee tables)

**Bronze Smoked Glass 8003**  
(Only available for coffee tables)

## W O O D

At Vondom we cherish natural beauty, which is why **we are committed to organic materials** such as wood, endowing our collections with a unique personality.

This material **enhances the beauty** of any environment where we feel alive and enjoy.

We have incorporated **Ash wood, Teak wood and Iroko wood** to some of our collections.

**Ash Wood.**   
Madera de fresno.

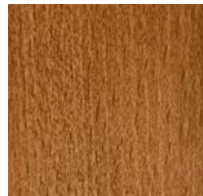

Wood 1 9001

Wood 2 9002

**Iroko Wood.**   
Madera de Iroko.
